

Report: Field Trip to Syntung, Meghalaya on 18/3/2023

On 18th March 2023, the Department of Mathematics of Lady Keane College in Shillong, Meghalaya, organized an enjoyable and educational field trip to Syntung. The purpose of this trip was to provide students with an opportunity to explore the scenic beauty of the area, engage in recreational activities, and foster a sense of camaraderie among the participants.

The field trip was carefully planned to ensure a memorable experience for all participants. The following are few activities throughout the day:

- Departure from Lady Keane College at 7:00 am: The students and faculty members gathered at the college premises, and the journey to Syntung began promptly at 7:00 am.
- Arrival at Syntung at 10:00 am: The group reached Syntung, a place renowned for its scenic beauty and numerous waterfalls.
- Enjoying the Clean River: The students had the opportunity to immerse themselves in the clean river that flows through Syntung. They enjoyed playing with water, splashing around, and refreshing themselves amidst the serene natural surroundings.
- Photo Sessions: The picturesque setting of Syntung provided a perfect backdrop for capturing memories. The students enthusiastically participated in photo sessions, capturing the essence of their experiences and creating lasting mementos.
- Leisure Time and Interaction: The field trip allowed for leisure time, providing an opportunity for students to interact with each other and the faculty members. These interactions fostered stronger bonds and enhanced the overall experience.
- Return to Lady Keane College: After an enjoyable day of exploration and activities, the group returned to Lady Keane College, concluding the field trip.

Conclusion: The field trip to Syntung on 18th March 2023 organized by the Department of Mathematics of Lady Keane College was a resounding success. It provided students with an opportunity to explore the scenic beauty, engage in recreational activities, and foster stronger relationships among themselves and with the faculty members. The well-planned itinerary, enjoyable water activities, and leisure time contributed to a memorable and enriching experience for all participants. We extend our gratitude to all the students and faculty members for their active participation and enthusiasm throughout the field trip. The memories created during this trip will remain cherished by everyone involved, fostering a sense of belonging and unity within the department.
