

## **A talk on “Cervical Cancer: Screening and Prevention”**

**Department of Zoology, Lady Keane College**

**Date: 27/March/2025**

**Venue: Seminar Hall, Lady Keane College**

The Department of Zoology organized an informative and impactful talk on the topic “Cervical Cancer: Screening and Prevention”.

### **Objectives:**

The session aimed to raise awareness about one of the most preventable yet deadly forms of cancer affecting women globally. The event was attended by students and faculty members of the department.

Two eminent speakers, Dr. Ridaphylla Nongrum and Dr. Jupirika Pyrbot , were invited to share their expertise on the subject.

Dr. Ridaphylla Nongrum, provided a detailed overview of cervical cancer, its causes (especially the role of Human Papillomavirus – HPV), symptoms, and the importance of early detection.

Dr. Jupirika Pyrbot, focused on the available screening methods such as Pap smear and HPV testing, and preventive measures including the HPV vaccine.

Both doctors emphasized the importance of regular screening, lifestyle changes, and the need to remove stigma around women’s reproductive health issues.

### **Outcomes of the Session:**

1. Enhanced Awareness: Students gained a deeper understanding of cervical cancer, its causes, symptoms, and prevention strategies.
2. Importance of Vaccination: The session highlighted the significance of HPV vaccination among young women and its availability.

3. Encouragement for Early Screening: Participants were encouraged to undergo regular screening and spread awareness in their communities.

4. Q&A Interaction: A fruitful interactive session followed, where students asked relevant questions and received practical advice.

The Department extends its gratitude to both doctors for their valuable contribution and to all participants for making the event successful. The session successfully met its objective of promoting awareness and encouraging proactive health measures.

**Number of participants: 82**

**Expenditure: Rs 6000/- (Rupees Six thousand only)**
