Points To Remember Before Casting Our Votes
“Let us be a Responsible Citizen By being a Responsible Voter”
 Prepared & Compiled by:
NSS Unit, Lady Keane College, Shillong

1. Casting of votes to choose our representatives to the State Legislative Assembly is the duty and right of all the citizens of the State who have attained 18 years of age. It is the right to universal adult franchise.
2. We must uphold the spirit of the Constitution and electoral exercise and cast our votes with due diligence and ethics.
3. Every vote is invaluable. It is choice that we make freely by ourselves, for ourselves. Say NO to any form of bribery.
4. The right to vote is a responsibility that must not be taken lightly. Be a responsible voter.
5. Whoever we elect, will be responsible for the welfare of every citizen and the State. Choose wisely.
6. Be critical. Take some time to know your candidates before casting your vote. An informed voter is a responsible voter.
7. Truth and justice are virtues that must be sought when electing our representatives. Seek relentlessly.
8. A knowledgeable and selfless representative is a boon for society whereas one who lacks knowledge is a bane. Measure carefully.
9. The right Representative will build the society, envision a better future, have the political will to improve the welfare of citizens. The wrong one will rob society of its progress. Vote wisely.
10. Lastly, seek wisdom and may God guide us as we consider our choices and exercise our right to vote.

Mr. K. Nongbri
 Programme Officer
 NSS Unit, Lady Keane College
 Shillong.
