I don't know

Reading

Ink

Digital resources

Magazine and Newspaper

More new books

Magazine and journals, news paper

...

More books about tourism

Magazine, newspaper n storybooks

Nothing else

QR code for gpay, printer, computer, ink

Books related to the course of the subject

Guide book

more update on current affairs books.

CUET previous year solved paper

The library should have reference material and newspaper

It would be great if more reference books were added

Bigger study area

Mock exam books, books from our syllabus, students subscription plan for access to paid/Premium study contents

Add more courses book in library

More variety of books

The library should also have magazine, newspaper

New authors book

Nii

Some post graduate books of all departments and also indian culture literature and freedom fighter books which help in restoring knowledge and it does helps to the futher studies but also to thepwrson who will not be opting further but definitely will gain some tremendous extra knowledge. These knowledge will definitely to come at use and also for personal growth

Enter to stadium

More books, even books that are out of the syllabus so that with can enhance our grammar and some books that can be entertaining such as story books to help reduce stress rather than only be indulge in books related to the syllabus

Should provide more books

Mock exams book

No idea

More new books especially for the new courses

More edition books

Political novels

More books, journals

Different genres of books

easily applicable for PCs and wifi

I think the library should have more books on different subjects and the latest editions so that students can get updated knowledge.

More books , because sometimes it has only less book and some of us if we we want to borrow a book we cannot take since it has already been occupied by others...

More books on current literature specially indian and northeast literature, and more data books on competitive exams

Magazine, journals and newspapers

Book's based on NEP

Some basic informative and competative books

Yes , but I think the same should have a..

Im good

General knowledge,

Novels

more textbook

Newspapers, Magazine and e-book

More books like classic literature, novel etc as this will encourage more students to visit the library

More books related stories type or not related to the course but from outside

Provide all the books that we study

Computer and internet access

Physics used in real life

Guidebooks

Wifi, novels

The library should have political journals

Enough

A proper books

provides drinking water in the library

Interesting books

More copies of the books so that each student can borrow

Printing machines, Self Photocopy/ Xerox machines, Research Papers.

Tech loan, Audiobooks, newspaper, magazines (just to read/use there only)

ebook, more books and journals

More like arts

WiFi and computers

The library should have , e- books , online journals, audio books and resources for competitive exam and skills development .

General knowledge

Newspapers and magazines that provide current information about national and international events. Journals and research articles, especially for higher studies, as they give deeper and

more specialized knowledge on various subjects. Computers with internet access, e-books, and educational videos which can greatly enhance research skills and broaden understanding.

Online data bases

Documents

Provide some good book

..

Keep more and more Books

Well functional computers with recent software

Big room to be able to study well

QR code for gpay, computer, printer, ink

More books related to the course.

Magazines, Contemporary novels, Books of varied genres to captivate reader and inculcate the habit of reading, newspapers, competitive exam books and previous year question papers(for eg- CUET).

Manga

More books

CUET books and preparation guides

From my perspective i think there should be more books for tourism for each semester, however those book we have in the library they help alot but if possible i would like to suggest to have more

More adequate books

Ki kot khasi

No further suggest at the moment, the department is already doing well

I don't have any

More knowledge about f&b production

More learning and experience

Nga kwah ban biang bha ki kot khasi namar da ngi leit thied ha ki dukan ruh bun ba ngim ioh re

1/2 weeks off before the start of the exam and maybe finished their course before that.

more practical or tours outside.

It was informative and helpful

Tourism for English,drama club

NIL

I'm satisfied with the usual

It is good

I don't any questions

Activities

-

Study tour at every semester will not only help gaining knowledg but also keep a ongoing interest in study of the subject or outer and will also be more regular in college. This tour is for knowledge as well as peace of mind.

To give notes

I have no comments

Tourism for English,Drama club

Not any

To give proper study materials as some of which the topics are difficult to get

Overall it's great

I don't have any suggestions

More materials to refer to

fixing the projector, wifi, teachers are great

Separate lap for higher secondary students and college students

The course is good and I am satisfied with the way it is taught

More active clubs and viva tests for improving students' spoken English

The course was very informative and gave me a clear understanding of the subject. I truly appreciate the efforts of the department in organizing it.

We should have classes in lab special for the 3rd year student so that we can understand the theory and do the practical as soon as possible that will make us remember things more effectively

Yes

More practical activities

No

Department room

Departmental library

Extremely satisfied with my course and department. The faculty are supportive and knowledgeable. I genuinely appreciate the efforts made to ensure quality educational experience.

It was good

Something related to inventing robots like that and also to get to see practically on how they are doing all the electronic machines

well-structured

It'll be better to have different lab room for 11&12 and not mix them up with semester students. They act like semester more than higher secondary

Reduce the number of major paper

I am satisfied with the course and grateful to the department for their guidance

All good

No comment

Not now

Syllabus should be covered before the exam as it feels difficult to come for the extra class

1. Updated syllabus (Do not rely solely on NEHU syllabus, instead take strategic approaches)
2. At least 2 internships

Having a Locker in honours room

Depends but for now no

The projector hasn't been fixed yet in the honors room

The teachers in the department explain topic very well and are always very supportive . I would suggest organizing more workshops , seminars, and practical session to enhance learning opportunities for students .

Business

Psychology , geography

Syllabus not enough

Good but possibility for more improvement

Maybe some real life examples that is related to the course would be helpful, and not stick only to the syllabus

Availability of more books

Notes must be provided during the semester and not

Sports

The department could arrange seminars on career opportunities after English literature, including guidance for exams and higher education option

No idea

Actually everything is fine the teachers are good but as a tourism student i would like to suggest that practical should be done more than theory class because sometimes we can understand by just explaining example like what we have done in national field trip it really help a lot through learning and observing the city.

Very good

Good

The course as per NEP is vast indeed clubbing a lot of things together and sometimes it difficult to tackle 3 to 4 honours paper together

Overall good, but adding more reference materials and online resources would be beneficial.

Pynbiang bha ia ki kot khasi

we should have an annual career counselling

I don't know

The course has been engaging and informative

Notes on time.

—

.

More of practicals

Null

I don't have any comments

Encourage students to do more self studies

It's very difficult to score good marks in all the fourth major

The course is god , but more interactive sessions are needed

I hope that my department i.e Pol sc remove Sir Robinson because his explanation is very bad. Last sem he explained chinese constitution for one month which is very long for taking only one part of the syllabus.

Great course

Should provide the hospitality lap for students to used and do their partical to enhance their knowledge.

To finish the syllabus on time

Include advanced laboratory techniques for better skill development.

i think our department should focus more on practicals rather than theory studies

48 more responses are hidden

13. If you have any comments or suggestions on MDC, SEC, AEC & VAC offered in the 1st & 2nd Semesters, you may do so in the space below:

173 responses

No

No comments

No comment

Nothing

No comment

.

Good

..

Nil

NA

No comments

Vac is more useful

no

Since we are the first batch of NEP we find quite difficult but , it is an opportunity for us to have this course , it is also help to improve different skills

It's good to study all this course because it may increase our knowledge.

It's difficult for science students to catch up with subject which is related to arts and same as for arts students

Doesn't require to our course

Lyngba ka jingdon kine ki subject ngim lah shuh re ban pynleit jingmut haka major jong ngi namar ba la bun kine ki subject

It's quite complicated but the subject give us more knowledge

Vac music class (piano guitar)

The courses were useful

It was enriching

NIL

Nep is just like a bone in a kebab.

-

The course were tough but with the help of teachers it was possible to pass with good marks but I would love to share if more practical skills are involved rather than text

Its simple subject

Not sure

This courses where overall good and fun to study it gives a vast amount of knowledge apart from what we don't get in the honours is taken

good

No comments, just if they can be more lenient in giving marks that would definitely encourage us students to study more

MDC maths should improve

SEC, AEC,

textbook for MDC,SEC,AEC,VAC

This additional course is very difficult and we don't get time to focus on major subject

Even sports should include and also other activities like dancing, singing, acting class and all

Provide study materials

Provide a good foundation

No comments.

Bsc, Ba, Bca should have different rooms. It was so suffocating sharing room with them.

Atleast give us proper mark in assignment when we submit it in proper time

I appreciate the variety of courses offered, they have been enriching

Sometimes its disrupting our honours subjects because its have so many courses too, its very hard to focus on honours subjects on exam time

The course we're helpful, adding more practical and interactive activities would make them better

Business

The courses are useful, but adding more practical and interactive elements would make them more effective and engaging.

The course was good but only if teachers would have taken class from start and seriously in an ordered way then more potentials could be unlocked.

I don't understand the need of those subjects except for AEC

Da ka jingdon kine ki subject ka la pynthud shibun ia k subject major Jong nga

Okay

Often, teachers are not sufficiently well-versed in the course content. For example, in the MDC Entrepreneurship course, the classes felt overly theoretical rather than interactive and engaging. As a result, many students developed anxiety about the subject. They were confused, hesitant to speak openly, and lacked clarity, which ultimately affected their performance and led to lower marks. Additionally, the teaching approach felt unnecessarily strict, which further discouraged participation.

A similar issue was evident in the SEC courses in the first semester as well. In Public Speaking, for instance, the classes were conducted in a largely theoretical manner instead of being practical and interactive. Since Public Speaking is a skill-based subject, students should have been given more opportunities to actively participate and build confidence. However, the lack of engagement allowed their fear to persist throughout the semester. Instead of feeling empowered, many students felt that the classes were not as beneficial as they could have been. I strongly believe a more interactive and student-centered approach would have made a significant difference.

Another concern relates to Academic Writing in the 3rd semester. As a foundational subject, it is extremely important because it teaches students how to write effectively in academic settings, whether in schools, colleges, or universities. However, the classes were not conducted in an engaging manner. Many students found them monotonous, some even slept during lectures, and the delivery lacked clarity and command. Given the importance of the subject, I strongly feel it deserved a more structured, dynamic, and impactful approach.

I don't know

They were all good, but for SEC, public speaking,

I don't have any

MDC

Very good

good to have these MDC,SEC&VAC

Yeah it very good, I had enjoy, Thanks you

Lyngba ka jingdon kine ki subjek ngam lah shuh ban pynleit jingmut haka major jong nga

the courses introduced were good, but I believe they didn't hold that much relevance with the developing job market where skills are much needed. Introduction of new courses which are more practical with the current development in the market will be more useful to build efficient skills.

They have provided a well rounded foundation

Should include more options for the coming badges

Null

Limited stock of books for these courses

The courses are useful , but should be more engaging

Great learning experience

Good

practical activities

None

VAC is more used full

The MDC, SEC, AEC & VAC courses in the 1st and 2nd semesters were useful. I suggest including more practical and interactive sessions to make them more engaging.

Lyngba ka jingdon kine ki subjek ngam lah shuh re ban pynleit jingmut haka major Jong nga

Those paper was unnecessarily put to our work load that won't help us in any means  
But it did help in increasing sgpa never the less it's kinda useless

These subject it is very helpful for us we get more knowledge from these subject

I have no comments.

I don't have any

The syllabus was quite challenging, but it encouraged critical thinking and deeper engagement with the subject

Quite difficult to deal with .

The MDC,SEC,AEC and VAC courses offered in the first and second semesters have been quite helpful in building both academic and practical skills.

no comment

Vac is more usefull

To provide more notes on these courses

From what I had experienced in the 1st and 2nd sem these courses are challenging as they do not focused specific only on the major subject and apart from that I did gained knowledge on how the other subjects contain,it was applicable

These subjects are not necessary for students

The teachers were more confused then us about the syllabus and notes were very insufficient

Take classes regularly and be lenient with giving internal marks

The teachers must be

Responsible and thoroughly prepared for their course

They are not really helpful

Average

Got ideas on different disciplines

I don't have

Quite interesting

NA

I think They should provide activity for this course

Interesting

Nonr

The level of difficulty or challenge

MDC ,SEC ,AEC and VAC are useful but should focus more on skills and real life application

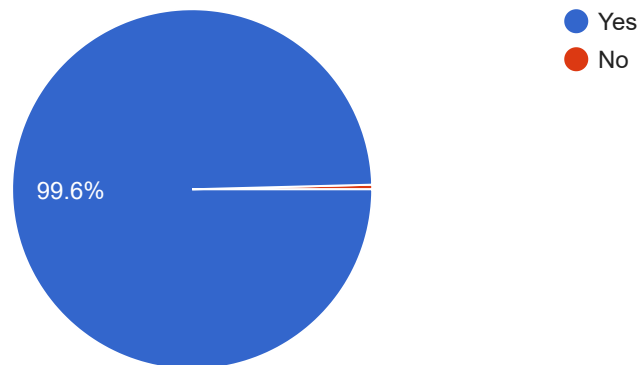

9 more responses are hidden

The invigilators must be vigilant during exam sessions for students using unfair means

-

No comments

No suggestions

I don't know

No problem

no

NA

Allowing enough time to clear instructions during exams during

To check students properly , example physical checking to every students because there are some students who and manage to score more marks than the one who works hard and study

...its unfair if cheaters and given chances while the one who works hard feels down on the hard work were working

Checking before entering the examination room because most of the students carry their phones which is unfair for those who have studied and worked hard

Time

Unfair means should be prohibited. Invigilators should be strict to prevent students cheating from their phones ensuring students pass through fair and square means

wish they check for notes or phones before entering the room .There are always people with phones in exam room .

The invigilators must be vigilant during exams sessions for students who used unfair means

The examination system is satisfactory

Online exam

It's quite satisfactory

Not required

Shortage of time

The examination conduct is best and always fair even if the invigilator is our department teacher but still noo unfair help is gained. But one suggestion would love to give, if it is possible than the time duration of exam if possible can get extended so as students can finish the paper well

Need two days off in one subject

The invigilators must be vigilant during exams session for student who used unfair means

Not any

Everything seems okay with conducting examination.

Overall great

checking students especially those who cheat

The examination system is good and well-conducted

None as of now

I don't have any suggestions

I'd like all teachers to kindly keep an even more close lookout on students during tests or examinations in case they're attempting unfair means.

So far it's fine the way it's going

We should have more gaps for exam's special for course like bca

It's outside question paper

Dated for exam should provide 2weeks before exam

Semester exam is better

I would like to respectfully request the examination schedule for major papers be reconsidered to allow at least two or more days for preparation between each exam. Having more than one day would greatly help in managing the academic load and ensure better performance in each subject.

The system was nice

I think exam if they can allow to do in our own department 😊, but if it's not also it's okay. Although for the exam it's alright

clear grading criteria to better assess understanding

No suggestions.

Give us more gap between the Subject. At least 3 days 😊

All good

Pre-examination period should be stress free for the students

Online/offline open book

The time table schedule should be properly adjusted and revised.

Consider a mix of online and offline exam with more preparation time and practical assessment

question paper setting

..

My suggestions is to be fair to everyone

Inform the students beforehand

The conduct of the semester examinations is deeply disappointing and reflects a serious lack of institutional responsibility. Basic necessities such as large, clearly visible wall clocks are absent in some halls...even though the rooms are spacious and several students, particularly those with weak eyesight, struggle to keep track of time. This is not a trivial oversight; it directly affects fairness and performance. Drinking water should be available in examination halls through clean tanks with disposable glasses. Due to nervousness, hurry, or anxiety, some students forget to bring their own water bottles. Providing this basic facility would ensure comfort and help them stay calm and focused during exams. Invigilators are seen chewing betel nut and pan masala, engaging in whispering and continuous conversations, and creating avoidable disturbances in what should be a silent, strictly monitored environment. There have even been instances where some appear to arrive under the influence of alcohol...an act that is entirely unprofessional and unacceptable in an academic setting. Students seated in the front rows and columns suffer the most due to their proximity to these disruptions. There is a glaring absence of examination decorum, reflecting a troubling disregard for discipline and academic integrity. Additionally, on rare occasions, question papers are distributed late, yet no compensatory time is granted at the end of the examination. Even if infrequent, such lapses are unfair to students and undermine the credibility of the evaluation process. However, in contrast, the internal assessments conducted by the English Department are managed exceptionally well. They are fair, structured, appropriately strict, and thoughtfully designed. The process is engaging and reflective, allowing students to genuinely demonstrate their understanding. I am highly satisfied with the way internal evaluations are handled by the department.

Timing

Extra time

The current situation is good

I don't have any

All good no commence

No, very good

Satisfied

No I'm fine with the examination process in our college it has always been impartial and fully dedicated

Nothing it's good

Flexible scheduling for exam

No comments it is satisfactory so far.

Null

Examination should be held with strict rules and precautions as some of the students still got the chances to cheat through phones and some others materials as well, which is so unfair for the others who work heart and soul to pass their exams, i suggest that checking should be conducted before proceeding with examination

According to the routine we need more off for major 2 and major 3 the

Allow reading time before writing

I don't have any suggestions.

Sometimes

To do strict body checks

Exams should be conducted after the teachers had finished their respective syllabus

Ensure strict supervision to prevent cheating and malpractice.

According to the routine we need more of the for major 2 and 3

Examinations are conducted well, but more time for preparation and a clear schedule in advance would be helpful

Kindly suggest us so that we'll be able to do well in the examination

Give us more off between the subjects (atleast 3 days max)

According to the routine we need more off day for major 2 and major 3

I have no comments.

Avoid overcrowded timetables by giving sufficient gaps between exams for student preparation.

Date should be provided before 1 month

Can u please allow us to bring wrist watch beacuse without that it will be difficult to manage time

No suggestion at the moment

Kindly check some of the toppers are not really good they tend to usually cheat which is truly unfair for us

The examination system has been conducted in a fair and systematic way, but few improvements could make it even better. First, the question papers should maintain a balanced mix of analytical, application-based and conceptual questions so that students are evaluated on understanding and not just memorization. Second, providing a clear schedule and adequate preparation time between exams would help reduce stress and improve performance. Lastly, timely evaluation and feedback on answer scripts would be very helpful for students to understand their strengths and areas of improvement.

vtc course should be next after major subject

According to routine we need more off for major 2 and major 3

No I have no suggestion as I'm satisfied with this

Ka biang lada ioh admit card ban ai beit ha department

no

Nothing

Yes

During payment of fees the management is so poor and the guard are also rude, we are also frustrated lining from morning and some of student break the line

Yes when we go there's always excuses like lunch or the office staff are not there yet ...

Not really

Fees payment

Their date for the notice, where they always gives us notice at the last moment

Haka por ba shim admit card ki dei ban ai haki department

Yes. Paying for fees consume alot of time. Sometimes students failed to attend classes due that reason.

That one man in the counter who is very rude and he don't know how to speak to a girl also he is very rude and if we went to the office to ask some help about the college fees to paid offline but he never help us

i wish giving out admit cards was more flexible.its takes too much time.

Yes, during the time we had to pay the college fees offline, the line was very long and the process took a lot of time, which was inconvenient and tiring for students.

I have paid the 4th semester fee but the office claims they have not received the payment of Rs 5550

Yes, there is a problem when we have to pay fees offline due to long queue

Yes for admit card

Nil

Not yet but they always try their best to help but sometimes are arrested by sloth

I don't think so

Yes,there's a problem when we have to pay offline fees due to long queues

Yes Sir lewis is so mean

Sometimes the payment for college fees websites don't work but eventually they do fixed it.

Null

There is one person who is very rude(name won't mention).

Rude staffs

sir louise being too rude to students

Sometimes the staff scold us if we don't know something, which makes it a little uncomfortable

No punctuality from the office bearers side. If they're keeping a specific time for a specific thing, they should be there in all honesty

Faced no problem

Didn't face any problem

Yes we do as they do not communicate well sometimes and become rude

When making line for payment of exam fees and taking admit card some students keep on cutting the line that some of us standing on the back had to go back and comeback the next day after long hours of standing. I feel like it will be more easy and effective if they call us department wise or to update the website and pay from there without making long lines

I don't have any problem

Yes because sometimes they are very rude and we tend to be scared to even ask more questions and also sometime its like they don't want to do the work

Yes, during the paying of examination fees,we have to wait in a long queue as the payment process is slow

No, I did not face any problem in the college office

Yes, some of them are rude

Yes paying fees

Proper information about payment of fees and website development.

There is a guy who always wear black clothes he's very rude and arrogant (name won't mention)

The communication skills of some staffs are very poor

The staffs is very less ,

Fees payment

I did not face any major problem in the college office. The staff members were generally helpful and cooperative whenever I approached them for information regarding admission, examination forms, or other academic matters. However, at times, there was a delay due to long queues and limited staff, especially during peak periods such as form submission and collection of admit card.

No comment

I once paid extra for the late fees but later I got to know that the date was extended and I never got the refund

Not much

Lada lah ban ai noh ia ki admit card ha ki department namar ia knieh laiñ palat

At times, the office staff display a noticeable lack of attentiveness and interest in addressing students' concerns. The approach can feel unfriendly, and there is often little willingness to listen to the student's perspective. In certain instances, when issues arise due to website

errors or administrative lapses, accountability is not taken, and the burden is shifted onto students instead. This lack of responsibility and communication creates unnecessary stress, anxiety, and a sense of fear of missing out on important academic matters.

Ignore

I can understand that sometimes they feel tired of working especially during fees payment but some office staff are not polite at all they don't speak clearly.

Timing, There seems to be a delay in giving notices and sharing information

Difficult to find the different counters to deal with our issue

Lada lah ban pynbiang ia ki admit card ban ai beit ha ki department namar ba ki ia knieh laiñ palat

There are rude people

Yes

They are rude sometimes.

Difficulty accessing information

Some of them are inadequate in relying to know about some information.

During exam month

—

Some of the office staff maybe should know how to communicate with students or parents because that's their job and it reflects their personality and the institution.

Yes, while paying fees.

Some of them was rude

Not regular

Yes, during last semester for exam fees, we've waited 4,5hrs to pay our fees because we can't pay online, there's some problem on college website, that we can't pay and after that we all tried to pay offline when the last date of fees come they didn't inform us that we can pay next day also after waited 4,5hrs.

Some of them are rude

Cannot mention

Yes about college fees

I did not face any problem in the college.

Need to be more approachable

No I didn't

they're rude and slow

Yes ...there's always a problem in college website while paying college fees ...and when we pay offline there is always a long line and we have to wait for long hours just to pay our fees

Lada lah ban ai ia ka admit card ha ki department namar ba ki ia knieh laiñ

No I haven't

I did not face any major problems in the college office.

the office staff is not punctual and seem uninterested most of the times

While paying college fees some of the office staffs are not helpful

the problem is only about the new website its even scared us

No,they always help when in need

Sometimes some of the staff don't communicate well.

Fees paying is getting very annoying since the website has modified

Whenever we have to pay fees we have to stand for a long because there's very less staff who takes care of fees

When we ask for help they are never willing to properly, once we asked help from for the sound system in the auditorium he could have said properly that he is busy but he didn't, he raised his voice in front of everyone so we had to fight back and held back our admit card for and didn't get until we asked our department teachers to talk to him.of

Some of the accountants are very rude and unpolite

Yes they are rude sometimes

Yes, There is a problem when we have to pay fees offline due to the long que

Sometime they are rude

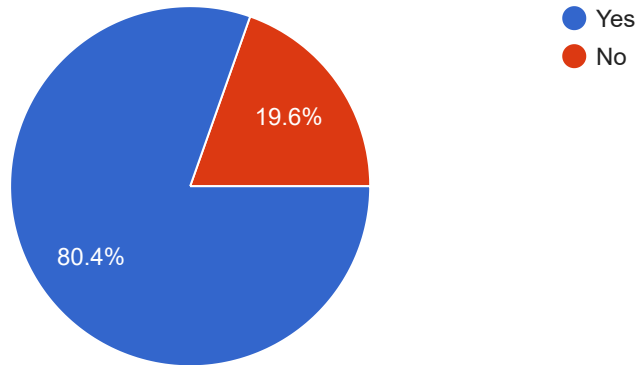

Sometimes they get rude for no reason

No

Resources, computer and wifi

I never go in the library

timing for Xerox notes is very difficult. Always asked to come back later.

No, but sometimes limited availability of books

We want library to open a bit early like 9am

There is quite the noise there

No, the librarians are really sweet and helpful

No not yet

Nil

Less seats

No problem whatsoever but if possible they should extend the library time till 6 at most for the ones who want to actually study there

No i have not

Not facing any problem.

Yes whenever we go for some work mostly they are drinking tea and make us wait which makes us late for the next class

The librarian have been extremely helpful whenever I encounter difficulties. They proactively assist me in locating books and provide support when I am unable to find the materials I need.

I don't have any problem

Not yet

No, I have not faced any problems in the library.

No problems.

Provide drinking water in the library

We can't find most of the books many times

Sometimes printer doesn't work 😞 which is difficult as we have to go outside for printing the notes

A fine because I return a book late. I understand the rules but most the books are just kept in the library. At least I return it.

Yes xerox noyes has very ligh ink

Books related to the syllabus were not available as well as the WiFi service

None

No comment

NIL

Yes, no books available when needed

Never faced any problem as such.

There are only 3 staff which are helpful

Internet issue, insufficient books

No not at all

Sometimes because if there is no book related to my topic

Material are not available able ex. Book

No significant issues encountered in the library

Insufficient materials such as Daily Newspaper, Magazine etc.

—

Maybe they should also keep online payment because obviously changes issue

No comments

Provide drinking water

I did not face any problem in the library.

If we went to search for our materials that our teachers kept in the library and when we went to xerox any material sometimes they said to come later

Not enough books

Yes because sometimes notes are not available in library

Yes, the library is too small that it

Yes

not really but i think they should open the library a bit early

Sometimes, when I don't got the book i want

Books were not available

Yes, some of the books are not there

no they were very gentle and helpfull

Library staffs talks loudly and even don't stop students from talking loudly inside the library and doesn't have a punishment for students who eats inside the library

I have never faced any problem.

Lack of books

No I have not

Yes, could find books related to my subject

Network issue

To find a books

Yes, because the books are not sufficient enough

I have not faced any problem

Some time they are having their tea and asked us to come later which is not goodus to come after ta

I never faced any problem

No , i have not faced any problem , the staff members are always ready to help

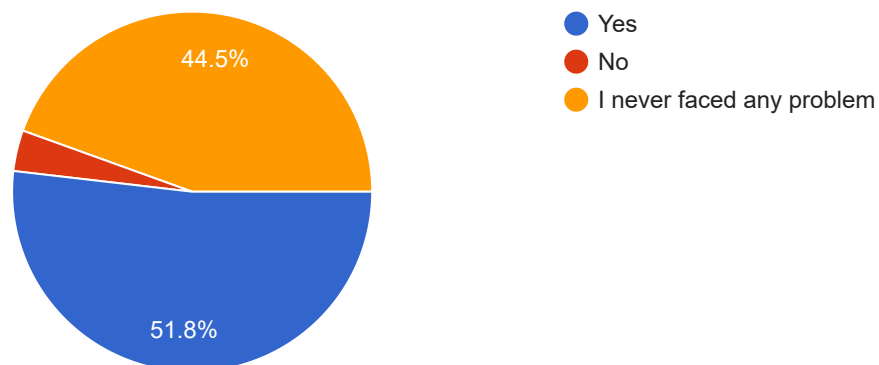

Only in searching of books

Yes, lack of xerox materials

31. Were the librarians able to help you when you faced any problem in the library?

No comment

I don't have

No suggestion

All good

No suggestions

no

Nothing

Increase the library time and in Sunday also it should open at least for some hours

I don't have any suggestions

To be strict with their timing

To be more punctual to students especially with date of the notice it may provide

I would suggest to the college office to at least reduce the time consumed when paying for the fees be it college fees or exam fees.

I wish they are more engaging and nice when we ask for help

I suggest improving the efficiency of the college office by increasing the number of staff during busy hours to reduce long queues, and improving the library by extending study hours and ensuring better organization of books.

The efficiency of the office and library can be enhanced through quicker assistance

Ok

Nope

The office staff must be punctual and the library must contain books that are relevant to our syllabus

The college office members should maintain their temperament to students as some get really rude and irritated with something very small matter other than that it's good and really helpful. The librarians are really good and always helpful.

Office staff should come on time

I'm

No there's no issues

Nil

Some of the office staff need to be more polite to the students

More seats in the library and extend the timing of both the office and the library

more books for new course

I suggest that the staff should be more polite and patient with students

Just the extension of timing till 6

I don't have any suggestions

Maybe they can be a lil kind

No , it's fine

Quite and spacious

it was good

Study space

Some of the prescribed books for the NEP based course are currently unavailable in the library. Most of the available books pertain to the old syllabus, which makes it challenging to access th relevant and updated study materials. It would be helpful if the library could be updated with books aligned to the new curriculum.

I don't have any

The office to be more kind, and library to allow us to go to the museum

Improving response time

No suggestions.

The office and library are functioning well

Please tell them to respect the students because some of them they are very rude

Already mentioned

Some of the office staff have a good behaviour towards students

WiFi and equipment of books related to the syllabus as per NEP

The college office need more staff to reduce along waiting time for admit card and fee payment its frustrating to wait over 3 hours due to limited staff . Also while we're in encourage to pay fees online the website often doesn't work making it harder for students streamline the process and ensuring the website function properly would improve the overall experience ,

time is important

NIL

I'm not sure as I have not faced any problems yet

More availability of books

The library currently lacks a sufficient collection of contemporary novels, current magazines, newspapers, and newly published books, which limits students' exposure to modern discourse and evolving literary trends. Additionally, books from different domains are often scattered across separate or inconsistent shelves, making it difficult to locate materials efficiently. The library timings should also be reconsidered. Beginning at 10 a.m. restricts access for students who prefer to study early. A library is a sanctum of solitude and intellectual absorption; it should accommodate those who seek quiet reflection and focused reading in the early hours. I personally feel the library should open earlier to better serve students' academic needs.

For the library, they could add cue books and other books such as personality improvement books, "It's all about mindset", "Master your emotions"

I guess a book need to update

I don't have any complaint about office and library

Bigger library

Clear notice system, punctual, a help desk

No nothing

It's all are very good for me. Thank you

Can't say

The office staffs should be on time we students sometimes wait hour long for single work to be done.

Provide clear guidelines and timeline for various procedure

Office stuffs should be more reliable/less rude. More book materials in the library.

punctual office staffs and for library maybe notebooks on nep syllabus

—

.

Office closing time should be extended.

Respect the students

I don't have any suggestions.

Notes

They should help the students no matter what

Study spaces

if you can please start library from around 9am

Improving and fixing the college website properly would be very helpful for the students while paying their college fees

They should just be nice, sometimes they're rude

It would be great to include some new books related to the NEP and its new subjects.

extended library hours, provide wifi and charging points, regularly add new edition of textbooks, reference books and competitive exam materials

More Books

Pass

No suggestion at the moment

I don't have any suggestion for that

bring new books ap per new system

I have no comments

More books

If the office staffs are a bit more helpful it would have been more convenient.

I think whenever it's time to pay fees maybe the office can send QR to the department so students can pay without standing on the line ..and library should have a punishment for ignorant students who don't follow rules despite its written over there

I hope the library will have more resources in the future for the new courses.

Be more friendlier towards the students and not being too rude

Classroom

All good

Nothing

..

Not bad

No opinion

no

Everything is fine

NA

Classrooms should be more spacious

Sports facilities : Needs football ground

Sociology department room are very small

No football ground and volley ball ground, the basketball ground is too dangerous to play football. The khasi canteen staff are having so much of an attitude

Classrooms for bttm are very small since we discuss and have meeting so there are no space to sit for students

More sports equipment

I don't know

More activities

Regarding classroom I personally think it's adequate. I don't know about others. As for college canteen I think it's cramped now that we have break time and everyone are rushing to the canteen at that time.

No, I don't have any opinion

In the office the people are very rude , if we go to asked only for the ID rope they used to charge us like 50 or 100 rupess

the microscope is very poor ,and only few are usable.wish there is more sports competition among departments or more playing equipments

I suggest repairing some of the classroom projectors to ensure smooth presentations and fixing damaged benches to provide a more comfortable and better learning environment for students.

The facilities are generally good

Canteen is too small

Spacious and clean classrooms

There should be fan in new building

Classrooms

The classrooms are huge and spacious and all the facilities provided by the college are best .

Everything is satisfactory, not good not bad , but if possible they do need improvement

They are good

Should have bigger classrooms

Not any

Few classrooms need to be clean there must be a dustbin in classrooms although there is not much to throw but some students throw sweet rappers and other plactics in the classroom.

Overall good

Currently I have no suggestion

Classrooms are insufficient, hostel should provide water, electricity and wifi, library should have more seating arrangement,more sports competition

better common room (different for girls n boys) , wifi, new personal room for NCC, More sports equipments , more indoor games like jenga, chess, chinese checkers etc

Separate lap for higher secondary

Everything is good

No internet inside classrooms specially in the library (when it's needed the most)

Lady keane college has good classrooms , laboratories, hostels, libraries , gym and sports facilities, but they all need upgrade and better maintenance for improved student experience.

Laboratories: equipments are sometimes not working properly and disturbing. For gym, a better or a large room might be better and more equipments as well.

The facilities are good

Null

Develop the sport complex..

They're okay

I like everything it's more than enough for me

good

Laboratories

The experience so far has been positive

They all were good enough

Classrooms is okay, lab not that okay, hostels food not good

More books in the library especially the latest ones

Facilities are good

No opinions.

Separate lab room and classroom for 11&12. And Gym is too small

We need fan in our classroom

Some projectors in classrooms need maintenance

Speaker in each classroom.

Everything is ok

The canteen can be more hygienic

Some good some need renewal

Need of improvement in outdoor sports facilities

We need bigger classroom n more materials

Hostel needs renovation

All is good ,

I would especially like to mention that toilets should be kept clean and hygienic at all times. Clean washrooms are very important for students' health and comfort. Regular cleaning, proper water supply, and availability of basic necessities like handwash and dustbins should be ensured.

Dry erase marker , duster

Please provide sufficient drinking water in canteen sometimes there is no water to drink

Canteen food is not good with less variety of veg items and other food options, and poor quality food is seen every now and then.

Everything is ok

The classrooms are ok but if AC are provided or if that's not possible maybe a fan would be helpful. Laboratories are also somewhat ok. I don't think so that gym is allowed for everybody so no comment.

Please provide water facility in old building

Keep the place clean

The lighting in basement classrooms needs improvement, as visibility is currently inadequate. Some classrooms also lack proper curtains, which affects comfort and concentration. Additionally, the remotes for smartboards in certain rooms are not functioning properly and require repair or replacement to ensure smooth teaching and learning.

Mid

Everythings good

For classrooms, the English department feels dark. It could add more lights. For the library, it would be better if it's bigger with more books and more reading spaces.

Gym

Classrooms , labs, and library are good and I don't know about hostel as I don't stay there .

It will be good if water filters are made available in the department for everyone's convenience

All are good and great

Playground

new benches are needed

No grievances

I don't have any

None

Nope

..

No

no

NA

Idon't have any grievance

The college environment is good but some of teachers are rude

I don't have any grievance or suggestions

Its all fine

I have experience alot studying in Ladykeane

My grievance would be when paying for the fees I hope there would be changes so that students won't need to stand on a long queue with complaint on having to come again and again to the office due to many reasons.

No I don't have

wish we could get Saturday as holiday.

I have no major grievance

Clean washroom

My personality holds a shy manner with some timidness to show up face in front of other classmates or teachers but this college has turned me totally to a new person. I got to know a person which i didn't thought i have within. This college is really an enlightenment period in my life. I would never forget and will always owe from this college. LOVE YOU LADY KEANE

I love this college

This college is really good everything seems to be fine but I also suggest to take our college fees in time not when the exam is near .

Overall good

More extracurricular activities

nothing it's amazing

No i don't have any suggestions

I have no grievance

Nil

Nothing something like Any other girls in the college.

I don't have any except for vtc fees which I fine a lot to pay

it was good

It's good to study in Lady Keane College

Everything has been proceeding smoothly upto this point smoothly

It was good dicission to study in lady kaene college

Good only but i think they should have teacher who are good at the subject they teach

To give notices and information beforehand

No it's so good

I have no major grievance

No suggestions.

No offence but some teachers whenever they're teaching something and give example they usually speak in khasi. We also want to know as well. I hope all the teachers speak in English so we all non khasi will not feel left out.

I have no grievances regarding my studies

There no INSTALLMENT for paying fees

Overall LKC provides the best education, however with due respect to my own Department (Tourism Department), please work with the syllabus. The syllabus is outdated and the tourism industry is very dynamic, most of the topics are repeated from one semester to another, which demotivate the students in studying.

I don't have

More co-curricular activities should be held and encouraged

Academic, facilities, students life, Administration

NIL

No grievance

No comments yet

Semester fee notifications must be announced in a structured, consistent, and transparent manner. If the fee for the second semester is announced at the beginning of the term, the same standard should apply to subsequent semesters. However, there have been instances where fees for consecutive semesters are demanded with very little gap in between, placing unnecessary financial strain on families and reflecting poor administrative planning. The canteen prices have increased sharply, while the quantity and quality of food remain the same. With classes beginning early, many of us arrive on an empty stomach and are compelled to rely on the canteen. Yet the rising prices make this unsustainable. Students cannot be expected to spend money there repeatedly due to scheduling constraints. Additionally, although my department has generally been respectful of students' time, I have observed, both collectively and to some extent personally...that in certain cases (not specific to my department), classes are cancelled only after students have already reached the college. Many of us commute long distances...often on foot, sometimes by taxi, and frequently without having eaten. Last-minute cancellations show a lack of consideration for our time, money, and effort. As final-year students preparing for competitive examinations alongside semester exams, our time is extremely valuable and should not be taken for granted. This behaviour impacts students more than is often realized.

My overall academic experience has been positive

Everything is fine

No its been 5 years in lady keane i have no complaints regarding the functioning of the college

It's very good

There should be more discussion on guidance for competitive exams and careers

It's satisfactory

Enhance wi-fi connectivity across campus

So far Good and satisfactory.

—

Completion of syllabus should be balance, and the sudden or immediate information is a major concern.

Null

The college is very good

Studying in Ladykeane College was good, but the places is not like before anymore, hope the students councils also take responsibility and make a good progress

More study material and reference books should be added in the library

I don't have any suggestions.

It's all well

Teacher's

I would suggest as most of the student have paid their college fees as well as the wifi so I hope they will get to used it to help with their assignments or study. College should organise a farewell with all the department. College should give the graduation gown / Cap if possible.

Some teachers did not finished their syllabus before the exam and some did not gave proper notes so we have faced many problems regarding this

To further improve the learning experience, the college could expand digital resources in the library and organise field visits to complement classroom learning.

No suggestions

none

"I have no grievance. My overall experience in Lady Keane College has been good. I would only suggest adding more digital resources and practical sessions to enhance learning."

No Grievances

I don't have anything

Fees to high

Last time I got hair on my Paratha and the sauce smell and testes stale ...even got burnt rice

No suggestion.

I would like to suggest some improvements regarding my studies at Lady Keane College. Some classrooms need better maintenance and more modern teaching facilities to enhance learning. The library could include more updated books and digital resources for academic support. Improved Wi-Fi connectivity across campus would also help students with research and assignments. Additionally, providing more practical exposure, workshops, and career-oriented programs would greatly benefit students' academic development.

Dont have any

I have not faced any grievances so far

I would like to suggest the examination cell to kindly be strict before entering the exams hall

some of the students are using unfair means

My overall experience of studying at Lady Keane College has been positive,as the college provides a supportive environment for learning and professional growth.

no comment

The teachers are always there when needed,I find this very useful and productive with studying and I'm grateful for them
