

A Report on Science Popularization on the 20th March 2025

In an effort to foster interest in science and promote a deeper understanding of scientific concepts among the school students, the **Chemistry department of Lady Keane College Shillong**, organised a **Science popularization** event at the **Village Dorbar Secondary School in Laitmawsiang, Sohra on the 20th March 2025**. This initiative aimed to breakdown complex scientific ideas and presents them in an engaging and interactive manner through hands on activities making science more accessible and enjoyable for students. The event sought to encourage curiosity, critical thinking and innovation as well as highlighting the importance of science in everyday lives.

The event received overwhelming positive feedback from both students and teachers of the school. Students expressed excitement about the hands-on experiments and the interactive nature of the event. Teachers of the school noted that the event was an excellent way to reinforce the theoretical concepts taught in the classroom and to give students a broader understanding of the practical applications of science.

The Chemistry department also gave away the periodic table chart and stationery items in the form of copies to the Principal of the school as part of good gesture from Lady Keane College.

Certificates were also awarded to the winners of the science experiment demonstration performed by the BSc honours students of the college.

Following is the list of winners in the science demonstration:

1st prize: Ibapynhun lyngdoh Nonglait, Phibapyntngen Nongbri, Iwanda Pohti (BSc 6th semester)

2nd prize: Esha Gautam, Nisha Singha, Pinky Pamshong (BSc 6th semester)
