

WILDLIFE WEEK CELEBRATION

DATE: OCTOBER 5th October 2023

OBJECTIVES: To commemorate the World Wildlife Week

Activity: Talk

The World Wildlife Week is celebrated from 02-08 October, as a continuation of the World Wildlife Day celebration on 03 March every year. This week aims at protecting and preserving India's flora and fauna. Wildlife week was conceptualised in 1952 with a longterm goal to safeguard the lives of the endangered and threatened species of animals. The year 2023's celebration theme is "Partnerships for Wildlife Conservation". The Department of Zoology in collaboration with the Department of Forests and Environment, Wildlife division, Shillong commemorated the World Wildlife Week, 2023 by organising an informative Talk on the theme "Partnerships for Wildlife Conservation" by Mr P S Nongbri, Retired Chief Conservator of Forests, Department of Forest and Environment, Government of Meghalaya who gave a practical insight into the various indigenous methods of wildlife conservation in the different communities of people in North east India.

No. of Participants: 77 Students
