To help students maintain focus.

We need this type of course to improve our studies.

Timing for the library should be from 8:30.. and previous year question paper should be kept in order ..

The timing for the library should be from 8:30 and the question paper should be kept accordingly not tbe mixed.

Timing is insufficient also CD, DVDS or e- book should be provided.

Timing for opening the library should be right from the started class so that if any teacher didn't come so that we can go to library and also the previous question paper should keep in a proper order so that it will be easier for the students to search

Satisfied enough with everything included in the course

i think we should understand the students they may have hard times mentally or physically and if they submit the assignment during that time i hope they can give marks with reference to their situations and circumstances

The course is good.

No suggestion

satisfied

The microscopes in the department are very limited which makes the students have to wait for turns. We need more and proper functioning microscopes for the practicals.

Nothing. It's more than good enough.

The syllabus should be less

Mo comments

8:30 to 3:30 is such a long period of time to spend on college we don't get time for other work

The overall performance of the department was kind of improving but the non teaching staff in the office especially the fair thin guy was very arrogant and rude towards the students and almost majority are experiencing the same.

More local trips

It deal with everyday affairs

No suggestion

I feel like they should take us every month on a trip so that we get more knowledge

Kindly, please take the attendance in all the subject from first period to last period not only in grooming class because most of the students they come to class but didn't get the attendance.

From my side regarding the department timing,I want the class will start from 9:00 because it's difficult for me to come to college earlier cause I'm staying far.

Suggestions for the department to kindly please start the class from 9:00 or 9:30 and not 8:30 because sometimes it might be difficult for those who stays far from college.

Should have more presentation from time to time so that the students won't become nervous easily

No other comment

We need some project work or may be some internship work

As a student i would like some of the teachers in my department to give detailed explanations especially the basics

More Study Tour or Field Trip because it helps the students alot in terms of knowledge

If field trips could be organised for history Students it would be great to visit and study about archeological sites this might enhance our interest a little more

Psychology and geography

No, there are no comments to offee on the course everything is satisfactory.

Centralized test is much prefer rather than department test ..

Centralized test is much prefer than department test.

Centralized internal assessment of all papers I much rather prefer than teacher wise as it consume time and it's fair for all

Centralised test is much prefer than the department test or personal teacher test

Teachers must conduct us the 2nd internal test

Very satisfied with the way of conducting

I like to suggest that our test duration to be longer

No suggestions.

No suggesy

I don't get enough time to finish my paper in internal assessment

Its fine

I don't want teachers to talk and gossips during exams or test because personally i can't think straight and often confuse if someone talks ..it's really disturbing...Not all teachers are like thus but some of them have these habits or else in terns of teaching they're really good..

As for us this year we don't have any off so its challenging

If there will be any test or presentation the teacher will have to inform before hand if an any student fail to attend they have to take strict action.

More time should be given

I would like to suggest teachers to be in the room and monitor the students when they conduct the test. Cheating is not a rare scene to be seen nowadays. Except 'one person' I've seen everyone doing it in my class (in all the internal tests!!).

First,learn the main ideas and don't worry too much about the details.

weekly tests for better retaining of information

There should be a thorough checking before students come in the exam hall as there are many who use unethical tactics but still some teachers turn a blind eye to them.

yes ...beause they open the college office late so sometime we miss our class to attend we have to wait in college office

no

The office timings for the morning section students are quite troublesome as by the time they open and settle to do it's already 12-1 and sometimes it varies too so it would be great if the hours could be made earlier abit plus the lady guard who has been assigned is indifferent towards people, most of the time is rude towards the non native, and gestures and converses mostly in the native language rather than in English

Some of the staffs come late

Yes the lady guard in the office allows the students who are familiar to her to enter the office room before the students who stands in the queue for a long time which is totally not acceptable.

The lady outside the college office should be more helpful for the students

Some stuff come late from their usual time

Yes sometimes

We dont get enough helping hand when we need

No problem yet

We have classes in the morning and sometimes classes gets cancelled so we would like to go study in the morning in the library, which isn't open at that time.

About the timing

I like to read in silence places that's why library becomes my favourite spot but sometimes students are very loud and it's really disturbing..i want a genuine action on this.....i also personally think that the space of library is too small and compact and if it could get a little big space

Thank you

Sometimes no books

Bias

Sometimes seats are full

I didn't faced

Time

The librarians are good but the timing was insufficient

I dont know

It's timing is not sufficient for BSc students

Regarding Xerox notes

I find that the library charges a big amount on xerox notes and not many books related to my subject is available in the library

Bttm books are not available

....

No i haven't

Yes,for tourism department there less book

Some of the material are not there please issue more material

To be very honest I still can't get over the fact that I was not issued a book I wanted.The reason for them to not issue the book was because I was frm science stream and the book I wanted was of other stream (it was a history book).The librarian told me they cannot issue me the book bcoz they have to keep the book for those who really needs them.. Does their words even make sense??I went away crying that day and promised never to return back to the library for any reason.(In fact I even told them I was really in need of the very book as I was preparing for some competitive exam) .. Isn't t this annoying??.

Sometimes there be a lack of books for certain topics

It has few seats only

Yes the lady guard in the office allows the students allows the students with whom she is familiar to, to enter the office room without even standing in the queue while others stands in the queue for so long. I have witnessed it many times.

I didn't face any problem yet

I didn't faced any problem

Nope they are very regular and helpful

There are books prescribed in the syllabus that are not there in the library, and sometimes less number of the same book makes it difficult for students as they have to wait for other students to return the book for them to issue.

I don't have any suggestions

No I don't have

I would like to request the office staffs to be punctual and kind.

Sometimes the office staff's are rude.

N/A

They should check how the books are kept and maybe add some more study materials whether hard copies or soft copies

The office staff should be seated on their seat during the office timing..

Staff should be punctual.

As mention in previous form about the library action should be taking especially timings of the staff and many more

Staff should be punctual for their duties

new books should be added

I suggest that library should be open early around 9 am.

We don't have enough books for zoology

we need to be kind and respectful to everyone irrespective of age , status (be it students or office staff) , Punctuality is important

All are good

Please keep more books for my honours

If able the timing of office hours and library could be maintain like a little bit earlier... or else everything is just fine

I don't have

Should open a bit early

Don't have

About the time to open the College office....for morning section it is hard to manage if they open at 10 o'clock....

The printing should be done properly

I don't have nothing to say

College library closed too early as our class end late

For library we need more time as some our classes end at 3.15 but the library closed at 4 pm so we more more time.

No suggestion

Nothing

I don't hve any thing to say.

Yes

no comments

I want the office to be open on time

Library timing to be open at 9 am.

No I don't

We need a bigger library since sometimes if we want to study we don't get place

College library should reduce the price of xerox notes per page for students.

Just choose the right person for the work

Don't ask fees of 2 semester together

The office and library staff should help the student rather than talking then in a rude way.

The office and library staff should help the student rather than talking them in a rude way

A bigger library

Healthy feedback, time management and communication

....

I do not have any.

To reduce the price for Xeroxing materials

No other suggestions

Be punctual both the office staff and library staff

Respectfully, some of the staff should show little more kindness to the students. Some of them are very rude

Both are good in their own respective job.

the rules set up in the library should be changed like the issue i have mentioned about not allowing students to take books of other stream .

No other suggestion

Good

They should do the task well

The college and the office should be open even on Saturday

The Library shouldn't close too soon atleast to 5 pm because when our classes are over by 3:15 sometimes we want to study in the library but when we get there only half an hour we get to study and it's time to close

Please change the timing for both office and library

May be the office staff can be a little bit soft while speaking to students i personally have had a rude encounter with them

More facilities in library specifically books

No, suggestions to be given everything is maintained well by the respected staff members.

The staff should open the library early if possible

Noo comment.

All are good especially laboratories.

The college infrastructure, facilities and equipments are very good.

Only student's of the biochemistry should use and attend the class in room.69 because due to the small classroom in our department teachers have to take class in the lab .

Room is not sufficient for biochemistry... and room no.69 if possible oly the biochemistry dept. Should use for attending class because due to the small classroom in our department techears have to take their class in the lap.

Classrooms are still more needed , equipments in laboratories are insufficient

For the biochemistry department the room is not sufficient sometimes the teacher has to take class in the lab. And we requested that room .69 should be given only to Students of biochemistry

Facilities are good, well maintained

we need new building

About hostel: we don't get lunch and we always need to buy junk food.. That's really not good for our health....

Everything is fine👍

Satisfied

All are well and good

Some of the fans need repair, the microscopes in the labs aren't as good and are very limited, the gym needs more space and facilities are also very limited.

Some of the fans need repairing

Laboratory equipments like microscope are less and some are not functioning properly , air conditioner instead of fans since they make noises during classes.

Everything is just fine

Library timing should be early

The classroom and laboratories are nice and good.

All is good

The gym should open to all.

The gym should be open to all

I don't have any opnion

I like the facilities in college,all are Good

Everything is all good and well equipped

Classroom is spacious, 3 time a meal in hostel and bored of dal and potato, gym never opens,sports facilities are there just for name

Yes the facilities are good and many useful books are available in libraries and labs are so equipped as well. There is a sports room which has all the possible games. There is also a gym. We have a Cafeteria inside the college. Classroom are equipped and modern modes of teaching are available available.

Hostel

More sports facilities needed

The classroom are really especially the new building and the classroom also it is very large

Good infrastructure and extra-curricular activities

Proper arrangements of question paper. And students should maintain silence there and there should be some books like which we cannot find easily. Some topics related to zoology was not there.

I suggest to give us stable wifi in our hostel.

Toilet is too dirty in college, for hostel supplying hot water is not sufficient

classrooms are big and spacious, lab are nice and also the lab assistant are very helpful.

It is all good

We'd want Indoor games like chess and so on.

In my opinion if possible I want powerline in hostel inside room so that we can use electric kettle atleast during winter.

Steps in Sociology dept. room should be fixed as they have caused many students to slip and fall especially during rainy season. Toilets should provide handwash.

Proper cleanliness facilities.

Proper cleanliness

Repair of the basketball court

The gym should be a little bit more spacious

The benches in the class are not properly varnish which something cuts our skin and the benches are also not equal which makes movement which lead us to having problems

Modern Infrastructure requires, maintenance , provide seperate rooms for clubs like NCC ,NSS,Youth red cross,rangers

The facilities is good

Hostel should provide more seats for the final year students

Bench and desk for the bttm students are not really good and volley should be there

Proper study facilities, food quality is decent, clean environment, excellent teaching faculty, open space classrooms, and the library was clean and calm to study and to search books.

....

We only have a basketball court and no other sports facilities at all

Joining lady keane college for me was the best choice the facilities they provide is very sufficient

More dustbin to be provided in classroom, and the benches cuts our thighs.

The bench is not good, dustbin should be provided in the classroom

Everything is good just we want our benches to be change because there conditions are not good

We should be provided with good tables and chairs just like how we were on the 1st semester

Proper bench

Classroom: benches are not good. Gym: gym room is so small kindly provide big space

Classes should be minimise. Everyday we attend back to back classes and we get exhausted

..

dogs poop in the steps during morning time should be clean.

I request for the graduation ceremony at the end of every last semester so that it will be memorable 😊🙏

There should be Graduation day / ceremony in the college so that students will be able to enjoy or remember their graduation day..once in their life time.. like other students of other college

My suggestion is to take action to Counterno5 and office worker should be more nicer.. the teachers are very nice but the workers are bad

I want to improve our college website there is no proper picture of our college.. They should change that

i had a wonderful 3years journey here and my maths dept is very nice.

Should include presentation as an internal assessment in all departments so as to encourage the students to be prepared for job interviews and so on.

Independent, confident and have special bonding

We rarely have events and it's so boring to deal with the theory alone

I would like to suggest my friends and family members to be a part of lady keane college

Its fine

No suggestions because the education given here is satisfactory

Very good college

Canteen: kindly please check on the cleanliness of the Indian foot stall.

The fees of BTTM is very expensive and not as per mentioned in the prospectus of 2021. Wi-Fi fees for BTTM dept is expensive as compared to other departments.

For the Day sections, 8:30 Am is too early. If it's possible the timing should be more like 9:30 starting

It's good.

Some teachers never made us feel a part of their class...i swear to god!! There's so much of discrimination going on in some classes,I just don't know how to put it into words .But the bitter truth is i had the worst feeling while attending some teacher's classes. Condolence to myself for having lost all my confidence,my interests,my self esteem,my mental healthetc.I hope any teacher reading this line start treating every student equally no matter which state they come from ,no matter how good or bad their performances are! ...Students like me who really look upto their teachers , will be highly affected if they are not supported enough🍀🍀

No other suggestion

The timing of classes even though we are in day section the classes starts just like the morning section

For bsc students the timings for classes is too much, if possible then should reduce the timing.

As a student of zoology if we'll get some internship program or project work it will be good for our further studies also

Some of us filled up the forms for spoken khasi classes 2 months back still didn't receive any further information about the classes

I don't have any suggestions to give as every teachers taught us well in the class, they treat us well and corrects our mistakes if found any and also encourages us to do better in everything we do.

No complains

I have no suggestion .

It's very helpful to me

There is no grievances in our study

The College are very nice

Na

Kindly introduce digital boards for effective teaching and learning process. Kindly improve the identity card strap. Kindly use two wheelers to reduce traffic and encourage both teaching and non teaching staff to do the same. This traffic has made me miss many of my important classes
